

This is to certify that
Alpha Data Parallel Systems Ltd

Suite L4A 160 Dundee Street Edinburgh EH11 1DQ

Has been assessed
by Stefan Thomas for BSI Group
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials

Scope: Alpha Data Parallel Systems Ltd Perimeter Network

Certification date: December 18th, 2019

Recommended re-assessment date: **December 18th, 2020**

Certificate no.: 3527247749087776

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
